

National Science Foundation

§ 612.3

create any right enforceable in court. When individuals seek records about themselves under the Privacy Act of 1974, 5 U.S.C. 552a, NSF processes those requests under both NSF's Privacy regulations at part 613, and this part.

§ 612.2 Public reading room.

(a) The Foundation maintains a public reading room located in the NSF Library at 4201 Wilson Boulevard, Suite 225, Arlington, Virginia, open during regular working hours Monday through Friday. It contains the records that the FOIA requires to be made regularly available for public inspection and copying and has computers and printers available for public use in accessing records. Also available for public inspection and copying are current subject matter indexes of reading room records.

(b) Information about FOIA and Privacy at NSF and copies of frequently requested FOIA releases are available online at <http://www.nsf.gov/pubinfo/foia.html>. Most NSF policy documents, staff instructions, manuals, and other publications that affect a member of the public, are available in electronic form through the "Documents" option on the tool bar on NSF's Home Page on the internet at <http://www.nsf.gov>.

§ 612.3 Requirements for making requests.

(a) *Where to send a request.* The National Science Foundation has one Agency component. You may make a FOIA request for records of the National Science Foundation by writing directly to the FOIA Officer, Office of the General Counsel, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, VA 22230. For records maintained by the NSF Office of the Inspector General (OIG), a designated Agency component, you may write directly to the Office of Inspector General, National Science Foundation, 4201 Wilson Boulevard, Suite 1135, Arlington, VA 22230. The Agency FOIA officer and the OIG component will also forward requests as appropriate. Requests may also be sent by facsimile to the Agency FOIA Officer on (703) 292-9041 or by e-mail to foia@nsf.gov; or, as appropriate to the OIG component via Fax on (703) 292-9158.

(b) *Form of request.* A FOIA request need not be in any particular format, but it must be in writing, include the requester's name and mailing address, and be clearly identified both on the envelope and in the letter, or in a facsimile or electronic mail message as a Freedom of Information Act or "FOIA" request. It must describe the records sought with sufficient specificity to permit identification, and include agreement to pay applicable fees chargeable under the Foundation's fee schedule as described in § 612.10.

(c) (1) If you are making a request for records about yourself and the records are not contained in a Privacy Act system of records, your request will be processed only under the FOIA, since the Privacy Act does not apply. If the records about you are contained in a Privacy Act system of records, NSF will respond with information on how to make a Privacy Act request (see NSF Privacy Act regulations at 45 CFR 613.2).

(2) If you are making a request for personal information about another individual, either a written authorization signed by that individual in accordance with § 613.2(f) permitting disclosure of those records to you, or proof that that individual is deceased (for example, a copy of a death certificate or a published obituary) will help the agency process your request.

(d) *Description of records sought.* Your request must describe the records that you seek in enough detail to enable NSF personnel to locate them with a reasonable amount of effort. A record must have been created or obtained by NSF and under the control of NSF at the time of the request to be subject to the FOIA. NSF has no obligation under the FOIA to create, compile or obtain a record to satisfy a FOIA request. Whenever possible, your request should include specific descriptive information about each record sought, such as the date, title or name, author, recipient, and subject matter of the record. As a general rule, the more specific you are about the records or type of records that you want, the more likely the Foundation will be able to locate those records in response to your request, and the more likely fees will be reduced or eliminated. If NSF determines
